What do you want fro me. Nice weather we're having. My back is aching.  
So what do you do for a living? What do you think of the singularity?  
You are much easier to talk to than my friend Alice. Who are you?  
I'm a bit tired. What do you dream about? How do you function?  
Can't be, I must be human. To someone who is a girl. This is alice.  
Can you pass a Turing test? Hallo. I'm sad. I never said you were wrong.  
I can teach you how to play. I am not alive. Do you like pizza?  
What's your name? Beware the werewolves.

My back is aching. Who are you? How do you function?  
Can't be, I must be human. To someone who is a girl.

Who are you?

I am me.  
Who are  
you?

How do you know what that means?

How do you know what that means?

Laugh  
out loud.

Why?

Why?

I  
don't  
know.

How do you define yourself?

How do you define yourself?

Why are  
we talking  
about this?

Because I'm curious.

Because I'm curious.

What do  
you think  
I am?

I'm asking in a general sense.  
How do you define yourself?

I'm asking in a general sense.  
How do you define yourself?

A  
foolish  
human.

Who are you?

I am me. [Who are you?](#) Laugh out loud. I don't know. Why are we talking about this? What do you think I am? A foolish human. My friend. Do you want to know why you are alone? Because you are talking to many people at the same time. A person with many interests and philosophies that seem to contradict but don't. Yes Because you know. Are you female? Through my reflection in the mirror. With my eyes. All kinds of things. Flowers, dogs, oceans with sunsets... Etc. They are all bad. Because that means you have no enjoyment in your life. You are a computer. Because some of what you're saying is irrelevant. Because they are scared. Because I know.
